

Sample letter to your Legislator in support of the
John Wayne Pioneer Trail

To: [Your Legislator]

Subject: Funding for State Parks, Washington Wildlife and Recreation Program, and the John Wayne Pioneer Trail.

Message: Greetings.

In 2015 State Legislators from the 9th District attempted to give away one of our State's most valuable recreational resources, our cross state trail, the John Wayne Pioneer Trail. After public outcry and a huge outpouring of support across the state, State Parks has heard us and put the trail as one of their top priorities in the 2017-2019 biennium. This resource benefits the tourist economy of not only the towns along the way, but the entire State.

Please vote for full funding of the State Parks' and WWRP's \$120 million budget requests.

Thank you for your support!
